

Medicaid Covered Services

This table contains general information about services by provider type. It is not a comprehensive list of services or prior authorization (PA) and Passport requirements. For detailed information regarding PA, Passport approval, coverage, and cost sharing information, refer to the Medicaid billing manual for your provider type (e.g., *Physician-Related Services*, *Hospital Outpatient Services*). Providers may verify Passport and PA requirements for specific services by contacting Provider Relations (see *Key Contacts*).

Covered services are subject to change based on changes in funding, legislative action, and changes in administrative rules.

When a member is enrolled in Passport to Health, most services must be provided or approved by the Passport provider. The table shows whether members need Passport provider approval to visit a provider. Even though members do not need Passport approval to visit some providers, some of the services rendered by these providers may require Passport approval.

Medicaid Covered Services
