Montana Health Care Programs Notice Pharmacy

Important Update

Vaccine for Children (VFC) Training

The Montana Immunization Program is hosting webinars for pharmacy providers wishing to learn more about the VFC program. VFC enrollment for pharmacies begins in March 2012, with the goal of having participating pharmacies enrolled by June 2012, when orders for influenza vaccine are due. The training and enrollment site visit must be completed before receiving VFC influenza vaccine shipments.

Two training sessions will be offered; refer to the schedule below.

In addition, the links below provide you with conference materials and a previous provider notice related to the VFC program.
