New FMAP Rate Reflects Changes to Reimbursement on the Fee Schedule

Effective October 1, 2013, the Federal Medical Assistance Percentage (FMAP) rate was changed from 66.00% to 66.33%. The FMAP used to calculate reimbursement is based on the payment date for your claims rather than the date of service.

The school-based services fee schedule is published utilizing the established RBRVS fee and the Department's Medicaid fee. Therefore, when you review the fee schedule, multiply the published fee for schools by the appropriate FMAP rate that was in effect during the time your claim was priced within our system.

The FMAP rates are adjusted annually and coincide with the Federal Fiscal Year, from October through September. These changes are published in the Federal Register and are put into effect every October. Historical FMAP rates can be accessed through the website <http://aspe.hhs.gov/health/fmap.htm>.
