ICD-10 updates and coding changes

Effective October 1, 2016 some the ICD-10 codes for Serious Emotional Disturbance Diagnosis were updated. Below is a list of the current ICD-10 codes for covered SED diagnosis. Please note that the SED diagnosis for which Medicaid will reimburse has not changed, just the ICD-10 code.

The DSM diagnosis for Serious Emotional Disturbance will continue to be listed in the Children’s Mental Health Bureau Medicaid Manual, however the corresponding ICD-10 codes will be removed. In the event that the ICD-10 codes are updated, a new provider notice will be sent out to inform providers of new codes.
