# Montana Healthcare Programs Notice

Hospital Outpatient, Emergency Room, Birthing Center, and  
Dialysis Clinic

**Effective February 4, 2016**

## Hospital National Drug Code (NDC) Billing on Revenue Codes and Electronic Claim Submission Denials

The Federal Deficit Reduction Act of 2005 mandates that all State Medicaid Programs require the submission of National Drug Codes (NDCs) on claims for physician-administered drugs. This mandate affects all providers who submit claims for the following revenue codes both electronically and manually; including Medicare crossover claims:

250	253	256	259
251	254	257	260
252	255	258	

After the implementation of the requirement of NDCs on the revenue codes listed above on October 23, 2015, it was discovered that the NDC information was not transferring from the 837 interface file to the Medicaid Management Information System (MMIS).

The issue has been resolved as of February 4, 2016. Any electronic claims submitted between October 23, 2015 and February 4, 2016 that contain the revenue codes in the above table will need to be re-submitted if the original claim denied. If the original claim paid, an adjustment will need to be submitted to add NDC information to the denied line items.

### Contact Information

If you have any questions, please contact Valerie St.Clair at 406-444-4834 or [vstclair@mt.gov](mailto:vstclair@mt.gov).

For claims questions or additional information, contact Provider Relations at 1-800-624-3958 (toll-free, in/out of state) or 406-442-1837 (Helena) or via e-mail at [MTPRHelpdesk@xerox.com](mailto:MTPRHelpdesk@xerox.com).
