Test Claims

Have you backed up your database? If not, back up your database before you proceed.

Change the ICD-10 information on one or two members in the template and build a batch. Delete all but those two members from the claim list and submit in Test, not Production.

Once claims are sent, restore the previous backup with the old ICD-9 data and set it to production until it is time to bill in October.

Please notify Tom Keith/Xerox at tom.keith@xerox.com or Janet Reifschneider/DPHHS at 406-442-6300 when test file has been submitted.

Electronic Billing

Whether you submit one claim a month or hundreds, any provider can benefit from switching from paper to electronic billing. Whether by using the free WINASAP 5010 software or by using a clearinghouse to submit claims, electronic billing is faster, more accurate, and more secure. You need a personal computer with Windows 98 and above to submit electronically via WINASAP 5010. See Electronic Submission Setup below to begin the process. For information about HIPAA 5010, click here.

The screenshot shows a website interface with a navigation menu. The 'Electronic Submission Setup' section is active. Under this section, there are two main links: 'Software Downloads and Users Guides' (highlighted with a red box) and 'Montana Healthcare Programs Information, News Briefs, and Provider Notices'. Under 'Software Downloads and Users Guides', there are sub-links for 'WINASAP 5010 Software Downloads' (highlighted with a red box) and 'WINASAP 5010 Software Downloads'. Below these links, there is a paragraph of text and a 'WINASAP 5010 Software Downloads' link. At the bottom right of the screenshot is the Xerox logo.

EDI Support

Before contacting the EDI Support Unit, refer to Troubleshooting Tips for solutions.

Call the EDI Support Unit at 1-800-987-6719 (option 3, option 2) for WINASAP technical issues, electronic claims submission, rejects, and enrollment.

Call Provider Relations at 1-800-624-3958 or 406-442-1837 with other claim questions.

Benefits of Electronic Billing

Whether you submit one claim a month or hundreds, any provider can benefit from switching from paper to electronic billing. Whether by using the free WINASAP 5010 software or by using a clearinghouse to submit claims, electronic billing is faster, more accurate, and more secure.

- Reduce human error.
- Submission and claims processing is faster than paper.
- Receive reimbursement faster.
- Billing frequency that meets your needs.
- WINASAP 5010 is free software.

Enrolling for Electronic Billing

To bill claims electronically using the WINASAP software, a provider must enroll with Xerox EDI Solutions and download the WINASAP software from the Xerox EDI website.

Visit <http://medicaidprovider.mt.gov/electronicbilling>.

Follow steps 1 and 2. If you are unsure about requested information, submit the packet to the best of your ability, and Xerox EDI will contact you if clarification is needed.

Step 3 includes a tutorial video and a detailed Montana Users Guide with step-by-step instructions.

If you bill other payers electronically via clearinghouse, contact customer support to begin billing.
