

Provider File Updates

Prior to updating your provider file, please note the following important information:

For Businesses Buying/Selling an NPI, NCPDP number, and/or Changing Ownership

Any change in business ownership may require updated ownership and tax information prior to being active as a Montana Healthcare Programs provider. Please contact Provider Relations (800) 624-3958 or [email: MTenrollment@conduent.com](mailto:MTenrollment@conduent.com) 60 days prior to the active date.

The intent is to protect Montana providers from claim denials or duplicate submissions. There may also be critical tax implications if claims are paid to the incorrect provider. The following general guidelines are here to help you navigate through the enrollment process.

Purchasing NPI - If your business is purchasing an active NPI enrolled with Montana Healthcare Programs

- A new application will be required if tax ID information is changing.
- Claims cannot be processed until the enrollment is complete.
- All information on the National Plan & Provider Enumeration System (NPPES) will need to be updated prior to enrollment application submission.
- Some provider types require state approvals including mandatory site visits which will add to the processing time. [This information can be accessed at https://nppes.cms.hhs.gov/#/.](https://nppes.cms.hhs.gov/#/)

Selling NPI - If you are selling your NPI to either an active or inactive Medicaid Provider

- Notify Provider Relations in writing 30 days prior to the date of the sale.
- After the sale is complete, claims must not be submitted with the old provider information.
- Please contact Provider Relations (800) 624-3958 [email: MTenrollment@conduent.com](mailto:MTenrollment@conduent.com) to help facilitate the transition.

Pharmacy Specific Requirements - Pharmacy business changes can be critical due to the high-volume nature of pharmacy claims. The following should be updated prior to enrolling.

- The NCPDP number needs to be current. If purchasing a NCPDP number, the purchase agreement documentation will need to be made available to Provider Relations.
- DEA number needs to be updated.

Changing ownership - Transition between Individual and Organization owners

- The same rules apply if transitioning between individuals and organizational ownership. Because tax information is changing, a new application will need to be submitted.

- Please contact Provider Relations to help facilitate the change.

Please use the table as a guideline for the materials needed to make an update to your provider file. Remember, it is the responsibility of the provider to keep Montana Healthcare Programs updated with any changes in information.

If you have questions, please call Provider Relations for clarification **before** submitting. 1-800-624-3958

Written requests are required for all changes and must include the NPI. Unless otherwise indicated, send via fax, mail, or encrypted e-mail if the correspondence contains sensitive information.

Forms requiring a signature will not be processed without one. Any forms missing required information will cause a delay in processing.
