

HMK (CHIP) Dental Claims Procedures for Indian Health Services

- All tribal dental clinics and individual dentists must be enrolled with Xerox as Provider Type 66 (CHIP Dental). Contact Xerox Provider Relations at 1-800-624-3958.
- Currently, Rocky Boy and Lame Deer are the only ones that need to update enrollment.
- All IHS dental clinics bill on American Dental Association (ADA) claim forms for HMK (CHIP) dental claims. Medicaid dental continues to be billed on the UB claim form.
- NPI numbers (**clinic** NPI) must be the same on box 49 and 54. Electronic claims also must be the same as criteria for NPI and Taxonomy numbers.
- Taxonomy codes (**clinic** taxonomy) must be the same on box 52a and 56a. Contact Xerox if you do not know the correct numbers. They must match what Xerox has on file.
- Reimbursement rates are the same as private dental offices up to the HMK (CHIP) dental limits.
- Claims over 1 year old will be denied for timely filing.
- Contact Barb Arnold (406-444-7046) or Gail Moloney (406-444-7045) if there are question regarding resubmitting claims.
