Montana Medicaid Notice

Physicians and Mid-Level Practitioners

Vaccines for Medicare Part D Participants

Per MLN Matters SE0727, Medicare will cover administration of Part D vaccines for Medicare Part D participants beginning January 1, 2008.

Since January 2007, providers should be billing the administration of Part D vaccines to Medicare Part B using code G0377. This was outlined in MLN Matters articles MM5443 and MM5459 published in December 2006.

Through the end of 2007, providers should coordinate with Medicare Part D for payment on immunizations not covered by Medicare Part B for dual-eligible clients, and bill the administration to Medicare Part B. Beginning in 2008, providers should bill the administration to Medicare Part D.
