Montana Health Care Programs Notice Nutrition Providers

Nutrition Provider Reimbursement Rate Changes

Effective August 1, 2011, nutrition provider reimbursement rates will be reduced.

In state fiscal year 2010, a 2% provider rate increase was implemented with one-time-only funding appropriated by the 61st legislative session in 2009.

This one time-only funding was not included in the budget base for state fiscal year 2012, and the funds were not appropriated by the current 62nd legislative session.

All other edits and policies remain unchanged. The current fee schedule is posted on the Provider Information [website](#).
