FQHC and RHC Providers

Reimbursement for LARCs

Montana Healthcare Programs is updating the reimbursement logic to pay lesser-of the provider's billed charges to the allowed reimbursement amount for any allowable long acting reversible contraceptives (LARCs) billed by Federal Qualified Health Centers (FQHC) and Rural Health Clinic (RHC).

Once implemented, a mass adjustment of claims back to July 1, 2017, to reimburse the lesser-of will be processed to identify applicable adjustments. Therefore, no action is needed from providers.
