

# MONTANA HEALTHCARE PROGRAMS NOTICE

February 26, 2018

## All Provider Types

**Effective February 26, 2018**

## New Rendering Only Provider Enrollment Application

Effective February 26, 2018 a provider enrollment application will be available for Rendering Only Providers. If your NPI will be listed in a *Rendering*, *Attending*, or *Treating* field on a claim, and you will NOT be listed as the Pay To Provider, this is the application you will use. Both an online version (preferred) and paper enrollment will be available.

Previously, Rendering Providers were allowed to use the Abbreviated Enrollment which was specifically designed for Ordering, Referring, or Prescribing (OPR) providers. This new application will have the appropriate Montana Healthcare Programs Agreement, as well as the option to belong to a Passport Group. Montana Provider Relations encourages a Group/Clinic as the Pay-To with an individual rendering billing set up when appropriate.

Three types of provider enrollment applications will now be available:

- **Full Enrollment:** Provider will bill Montana Healthcare Programs directly for the services provided using the NPI/Assigned Provider ID in the Pay-To/Billing field of a claim.
- **Rendering Only Enrollment:** Provider is performing the service being submitted on the claim (Rendering, Attending, or Treating) but is not billing directly. Will not receive payment directly from Montana Healthcare Programs.
- **Abbreviated Enrollment (OPR):** Provider is ordering, referring or prescribing the service only. Will never directly provide services to a Montana Healthcare Programs Member.

Provider Enrollment will continue to reach out and verify intent of enrollment for 30 days. After that time, any Abbreviated Enrollment will be processed as an OPR enrollment. Claims may deny if a provider is enrolled as OPR, but submitting as the Rendering.

## Contact Information

If you have any questions, please contact:

Montana Provider Relations Provider Enrollment at (800) 624-3958, option 2.
