

MONTANA HEALTHCARE PROGRAMS NOTICE

February 20, 2020

FQHC, RHC, and IHS/Tribal 638 Providers

Effective February 20, 2020

Peer Support Services Revenue Code Update

Montana Healthcare Programs has completed system modifications to allow reimbursement for FQHC, RHC and IHS/Tribal 638 Certified Behavioral Health Peer Support services. Claims with date of service on or after July 1, 2019 are now eligible for reimbursement utilizing revenue codes 910 for Mental Health Peer Support services.

Please continue to submit Substance Use Disorder Peer Support services with revenue code 911.

All peer support service requirements must be adhered to and are outlined in the [Addictive & Mental Disorders Division \(AMDD\) Medicaid Services Provider Manual for SUD and Adult Mental Health, Effective October 1, 2019](https://dphhs.mt.gov/amdd), at <https://dphhs.mt.gov/amdd>.

Billing and Reimbursement

Certified Behavioral Health Peer Support services are ineligible to be reimbursed under the all-inclusive reimbursement methodology. Certified peer support services will be reimbursed at the fee-for-service rate utilizing the Outpatient Prospective Payment System (OPPS) fee schedule.

The reimbursement logic for Certified Behavioral Health Peer Support services is the lesser-of the provider's usual and customary charges (billed charges) or the OPPS fee schedule rate.

A mass adjustment has been submitted for all claims submitted with revenue code 910 with a date of service on or after July 1, 2019. There is no further action necessary from the provider.

Certified Behavioral Health Peer Support requires a supervising Mental Health Professional per MCA 37-38-202(6). When the UB-04 claim is billed, the supervising NPI will need to be present in the attending field for the claim to process.
