

Surveillance and Utilization Review Section (SURS)

Xerox Provider Training

Jennifer Tucker, CPC
SURS Supervisor

What is SURS?

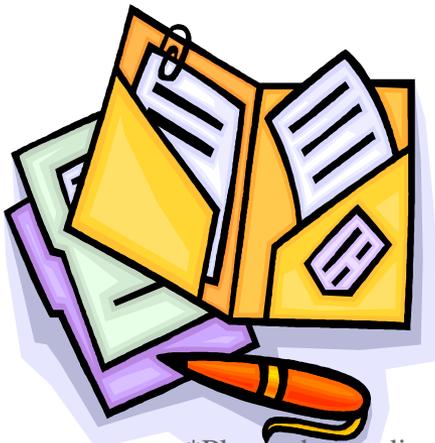

Surveillance/Utilization Review Section is a federally mandated program [42 CFR, Part 456.3]

The program maintains a strong commitment to assure that the right provider is receiving the right payment for the right services at the right time. We identify potential fraud, waste and abuse to ensure that State and Federal monies are spent appropriately.

We accomplish this by:

- performing retrospective reviews
- educating medical providers
- recovering overpayments if indicated

The Medicaid Processing System

- Claims processing system includes numerous edits
- To identify most billing errors
- It doesn't detect all errors

The Medicaid Processing System

- Some claims are paid in error
 - due to incorrect billing
 - system complications
- ALL paid claims are subject to retrospective review
 - this includes prior authorized claims

Overpayment Recovery

SURS can recover whether the error is caused by the provider or the Medicaid claims processing system. [ARM 37.85.406 (9) & (10)]

WHAT'S NEW ON THE SITE THIS WEEK

Payment Error Rate Measurement (PERM)

Beginning October 1, 2011, Montana Health Care Programs will be required to participate in the federal PERM program.

This national program will measure improper payment in Medicaid and HMK because these two programs were identified as being at risk for significant erroneous payments. Providers will be asked to send copies of selected claims and medical records to a CMS contractor for review.

See the [provider notice](#) dated September 7, 2011, for more information.

HIPAA 5010 Deadline Closer Than You Think!

All electronic X12 transactions must be submitted in the HIPAA 5010-compliant format beginning January 1, 2012.

Contact your software vendor and/or clearinghouse to make sure they are prepared to meet the deadline so that your claims processing is not delayed. For WINASAP users, a 5010-compliant version will be available later this year.

Watch for more details about plans for Montana Health Care Programs to be ready to accept and return transactions in the 5010 format and for other information related to 5010.

37.85.212 RESOURCE BASED RELATIVE VALUE SCALE (RBRVS) REIMBURSEMENT FOR SPECIFIED PROVIDER TYPES

(1) For purposes of this rule, the following definitions apply:

(a) "Anesthesia units" means time and base units used to compute reimbursement under RBRVS for anesthesia services. Base units are those units as defined by the Medicare program. Time units are 15 minute intervals during which anesthesia is provided.

(b) "Conversion factor" means a dollar amount by which the relative value units, or the base and time units for anesthesia services, are multiplied in order to establish the RBRVS fee for a service. Effective July 1, 2008 there are four conversion factor categories. They are:

(i) physician services, which applies to the following health care professionals listed in (2): physicians, mid-levels, podiatrists, public health clinics, independent diagnostic testing facilities, nutrition providers, QMB and EPSDT chiropractors, and dentists rendering medical procedures. The conversion factor for physician services for state fiscal year 2010 is \$40.09;

(ii) allied services, which applies to the following health care professionals listed in (2): physical therapists, occupational therapists, speech therapists, optometrists, opticians, audiologists, and school-based services. The conversion factor for allied services for state fiscal year 2010 is \$30.39;

(iii) mental health services, which applies to the following health care professionals listed in (2): psychologists, licensed clinical social workers, and licensed professional counselors. The conversion factor for mental health services for state fiscal year 2010 is \$24.26; and

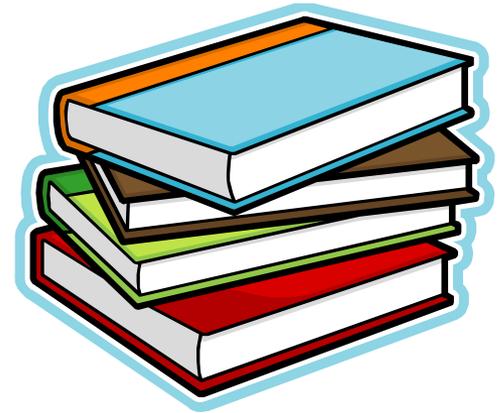

(iv) anesthesia services, which applies to anesthesia services. The conversion factor for

Record Keeping Tips

- Retain medical records for six years and three months from the date of service
- Documentation must specify treatment start and end times when the service is time based.
[37.85.414(1)(b)]

Record Keeping Tips

- Records cannot be altered and must reflect the services provided. If a record needs to be corrected, a provider should...
 - Cross out with a single line
 - Write correct information
 - Date and initial the correction

Record Keeping Tips

- Provider's must have a contingency plan to ensure the availability of documentation in the event of a loss of medical records.

[ARM 37.85.414]

- Provider's must obtain **written** authorization from the Department for any variation from the usual billing practice.

[ARM 37.85.412 and 37.85.413]

Provider Responsibility

It is the *responsibility of the provider* to be knowledgeable about sections of the Administrative Rules that relate to their provider type, provider policies and covered services.

In addition, providers are encouraged to ensure their employees are not listed on the federal exclusion databases.

CREATE USER ACCOUNT

Your CCR username will not work in SAM. You will need a new SAM User Account to register or update your entity records. You will also need to create a SAM User Account if you are a government official and need to create Exclusions or search for FOUO information.

[Create User Account](#)

REGISTER/UPDATE ENTITY

You can register your Entity (business, individual, or government agency) to do business with the Federal Government. If you are interested in registering or updating your Entity, you must first create a user account.

SEARCH RECORDS

All entity records from CCR/FedReg and ORCA and exclusion records from EPLS, active or expired, were moved to SAM. You can search these records and new ones created in SAM. If you are a government user logged in with your SAM user account, you will automatically have access to FOUO information.

WHAT IS SAM?

[Need Help?](#)

The **System for Award Management (SAM)** is a **Federal Government owned and operated** free web site that consolidates the capabilities in CCR/FedReg, ORCA, and EPLS. Future phases of SAM will add the capabilities of other systems used in Federal procurement and awards processes.

FORMER CCR REGISTRANTS

If you had an active record in CCR, you have an active record in SAM. You do not need to do anything in SAM at this time, unless a change in your business circumstances requires updates to your Entity record(s) in order for you to be paid or to receive an award or you need to renew your Entity(s) prior to its expiration. SAM will send notifications to the registered user via email 60, 30, and 15 days prior to expiration of the Entity. To update or renew your Entity records(s) in SAM you will need to create a SAM User Account and link it to your migrated Entity records. You do not need a user account to search for registered entities in SAM by typing

Search Records

You can enter a DUNS number, CAGE code or Business Name to search for the entities that you are interested in reviewing. The top search bar allows you to enter any search term. You can also enter exclusion search terms to search for exclusion records. If you want to search for only a CAGE code or a DUNS number you can use the bottom two search bars. Once a search has returned results, use the filters provided to narrow results.

Government employees must create a SAM user account with their government email address. Log in before searching in order to see FOUO information and those registrants who selected to opt out of the public search.

You can only use one search bar at a time

Enter your specific search term
