Provider Enrollment Social Security Number Change Attestation

When a Montana Healthcare Programs provider has enrolled and provided a Social Security Number (SSN) that has since become invalid, the provider must change the SSN on their provider record.

If it has been less than 365 days since the enrollment was approved, the provider must complete and upload this form to the Provider Services Portal.

If it has been more than 365 days since the enrollment was approved, the provider must disenroll and reenroll and complete and upload this form to the Provider Services Portal along with any other required documents.

A separate form must be submitted for each NPI or Atypical ID updated.
