Pharmacy Provider License Renewal Reminder

This provider notice is to remind enrolled Montana Healthcare Programs pharmacy providers to complete the annual Montana Board of Pharmacy license renewal for each enrolled pharmacy.

All licenses must be renewed on or before the renewal date of November 30, 2022, if applicable. If your pharmacy license is not renewed, your enrollment may be terminated, and you may not be able to submit claims for payment. An active pharmacy license is required to participate as a pharmacy provider in the Montana Healthcare Programs.

If your pharmacy is licensed in other states, please complete the renewal process for each state in which your pharmacy is currently licensed. The **updated renewal process** is in the **November 2022** issue of the monthly newsletter on the [Claim Jumper webpage](#).

Out-of-state providers should have received or will be receiving a notification letter when their license will expire with Montana Healthcare Programs. In-state providers only need to ensure their license is renewed with the board before the above renewal date.
