ADD ON REQUEST FORM

1. The Add-On Fee schedule is fillable to select the right Add-On pertaining to your request.
2. Make sure to fill out the daily rate totals below the form.
3. Please use one form per request. Some residents may have more than one request.
4. There are no facilities available for vent/trach in Montana at this time, but facilities are allowed to sign up to offer services if you are able. You must get certified.
5. Vent/Trach requests are only allowed up to 90 days for most requests before having to return to Montana. Special circumstances can dictate longer stays with approval from SLTC but must have prior approval before the 90 days have ended.

ADD ON REQUEST APPROVAL/DENIAL LETTERS

1. When approved for Add-On Fees, your approval letter will come with instructions on how to bill.
2. The example to the right is a page that will accompany your approval letter and tells you what code to bill, what authorization number you must use on your claim and for how long the authorization is good for.
3. You MUST send in another request form with new medical info before your authorization is up if you wish to continue with your Add-On.
4. Authorizations cannot be backdated.
5. Denial letters will be sent if there is missing information that is not received by the due date, as well as if your Add-On does not meet the qualifications.

PRIOR AUTHORIZATION!

What does this mean for facility requests?

AUTHORIZATIONS

- All Add-On requests require prior authorization.
 - ✓ Protects Medicaid
 - ✓ Protects Facility
- If Add-Ons are approved, an approval letter with a prior auth number is sent to the facility.
- Auth number needs to be used when billing for the services requested for the dates requested.
- A new auth number will be given for all extensions that may be granted.
- Please note: for current residents who develop behavior problems or severe wounds, Add-Ons can be requested, but approvals will not be backdated.

- Prior to resident's arrival date, or prior to expected date of billing for Add-Ons, the Add-On Rate Request Form and applicable records needs to be sent to Jenifer Thompson at: Jenifer.Thompson@mt.gov.
- EPass is a secure email you can send your request and documents. Secure email is the fastest and most accurate way to get all medical documents to us. It's a simple set up.
- All documents required to process your application need to be included with the request face sheet. We will contact you if we need any more information, or the information is needing any corrections.
- Ensure that a Level Of Care (LOC) is submitted to Mountain Pacific Quality Health (MPQH) for eligibility determination to be made first.
- Nursing Home Spans are required for all Swing Bed and Nursing home facilities and need to be in place before any Add-Ons can be billed/paid.
- Please make sure to note if resident has any Medicare days on the level of care. Medicaid is a payor of last resort, and if they have any info that the resident has Medicare, Medicare will have to be billed first before you can bill Medicaid for any Add-Ons.
- If Medicare is exhausted, claims will be filed to Medicaid as normal.
- **APPROVAL OF ADD-ONS IS NOT AN APPROVAL OF MEDICAID ELIGIBILITY.**

Billing for Add-Ons

In order to expect payment, we must approve your application, and Medicaid must also approve your resident.

Takes from 3 days up to a week to review your application.

If resident is accepted into a facility before approval, and is denied, facility will not be paid for any provided services.

Add-On Charges need to be billed on a CMS 1500 form. (See example.) You will be allowed to bill after you get your prior auth letter and number.

All highlighted text must be filled out or claims will get denied.

PHYSICIAN OR SUPPLIER INFORMATION

Trach and Vent Requests

- If resident needs tracheostomy assistance, they will need to go out of state. There is no facility within Montana that is certified to take a trach patient.
- There is no longer a need for the facility to find 20 denials of other facilities to send the trach resident to an out of state facility for rehabilitation.
- Out of state placements are temporary. Usually 90 days. The resident needs to have plans to return to a facility or home after rehab, and it needs to be discussed and prior authorized before going out of state or before the 90 days are up.
- If resident IS in need of care for longer than 90 days, an extension can be requested, or they must apply for the out of state Medicare (or some other type of care) to continue to be eligible for their stay at the out of state facility.

Emailing Via E-Pass

Secure email set up. Better than a fax!

Setting up E-Pass

- ❖ Get on to the state website at: <https://montana.gov/>
- ❖ At the top right of the screen, click on “Login”
- ❖ The left box has a link under “here” to start a new account, click on “here”
- ❖ Fill out the form with your info and use an email for your facility that you can easily access.
- ❖ Once you have filled it out and can get into your account, OKTA is now the new “File Transfer Service” and you will have to sign in there.
<https://okta.loginmt.com/app/UserHome>
- ❖ If you already have an Epass account, OKTA will have a “Login In Here” you can access to get into OKTA right from Epass.

The State of Montana is in the process of moving to a different method of logging into these applications. Visit login.mt.gov if you don't see the application you are looking for.

Sending a Secure Document

- ❖ To email a recipient, you must click on the ITSD File Transfer Service Square on the bottom right.
- ❖ The next screen has an email type page, at the top you can “Send a new File”.
- ❖ A new window will open with a drop box where you can upload your files to be sent. Click continue when finished.
- ❖ Choose the “state employee or ePass Montana Customer” button.
- ❖ Enter the email exactly as it is shown. If the email is incorrect, it will not go to the right recipient.
- ❖ Enter any message in the box to the right if you need to.

The screenshot displays the ITSD File Transfer Service interface, divided into three numbered steps:

- 1. Select Files To Upload:** This screen features a header with a "Remove Selected File(s)" button and a "+ Send a New File(s)" button. Below the header is a "Select Files To Upload" section with a large drop box containing the text "Drop Files Here or Click to Upload". A "Tips and Tricks" section lists: "Uploading folders is not supported", "Only 10 files can be attached at a time. If more than 10 files need to be uploaded, upload them as a zip file", and "Any file that exceeds 2GB within a zip file may experience virus scanning issues." Navigation buttons for "Back" and "Continue" are at the bottom.
- 2. Recipient Options:** This screen prompts the user to "Please select the appropriate link below:". It offers two main categories: "General" with a button for "State Employee or ePass Montana Customer", and "Unclaimed Property Reports" with buttons for "Holder Reports", "Unlocatable Mineral Holder Reports", "Audit Holder Reports", "Audit Unlocatable Mineral Holder Reports", and "State Reciprocity Reports". A yellow banner at the bottom states: "Unclaimed Property Holder Reporting is now available in our [TransAction Portal \(TAP\)](#), letting you submit your reports and make e-check payments in one place. Files submitted through TAP are checked for formatting as you submit them, saving you time."
- 3. Recipients:** This screen is for selecting recipients. It includes a "Recipients" section with a search box "Enter the email address or use the search below" and buttons for "Find a State Employee" and "Find a State Group". Below these are input fields for "Last Name" and a "Search" button. To the right, there is a "Files" section with a "Capture JPG" button and a "Message" section with a text area for "A message for the recipient(s)". Navigation buttons for "Home", "Back", and "Send" are at the bottom.
