(<https://dphhs.mt.gov/assets/hrd/HMKMemberGuide.pdf>)
- HMK is not available for those who have other insurance. Coverage cannot be terminated during a 12-month eligibility span for other insurance but if during redetermination other insurance is still in place, HMK coverage will end.
- HMK and HMK+ have different prior authorization (PA) processes
 - HMK+ uses Mountain Pacific Quality Health
 - HMK uses BCBS MT (for most services)
- HMK requires PA from BCBSMT for out-of-state services
- HMK and HMK Plus have different provider networks

Differences between HMK and HMK+ Benefits- Continued

- HMK+ is subject to the Passport Program.
- HMK is not subject to the Medicaid EPSDT rules.
- HMK does not cover:
 - Orthodontia, private duty nursing, long term care, targeted case management, or Comprehensive School and Community Treatment (CSCT)
- HMK requires prior authorization for physical, speech, and occupational therapy until July 1, 2023, while HMK+ does not.

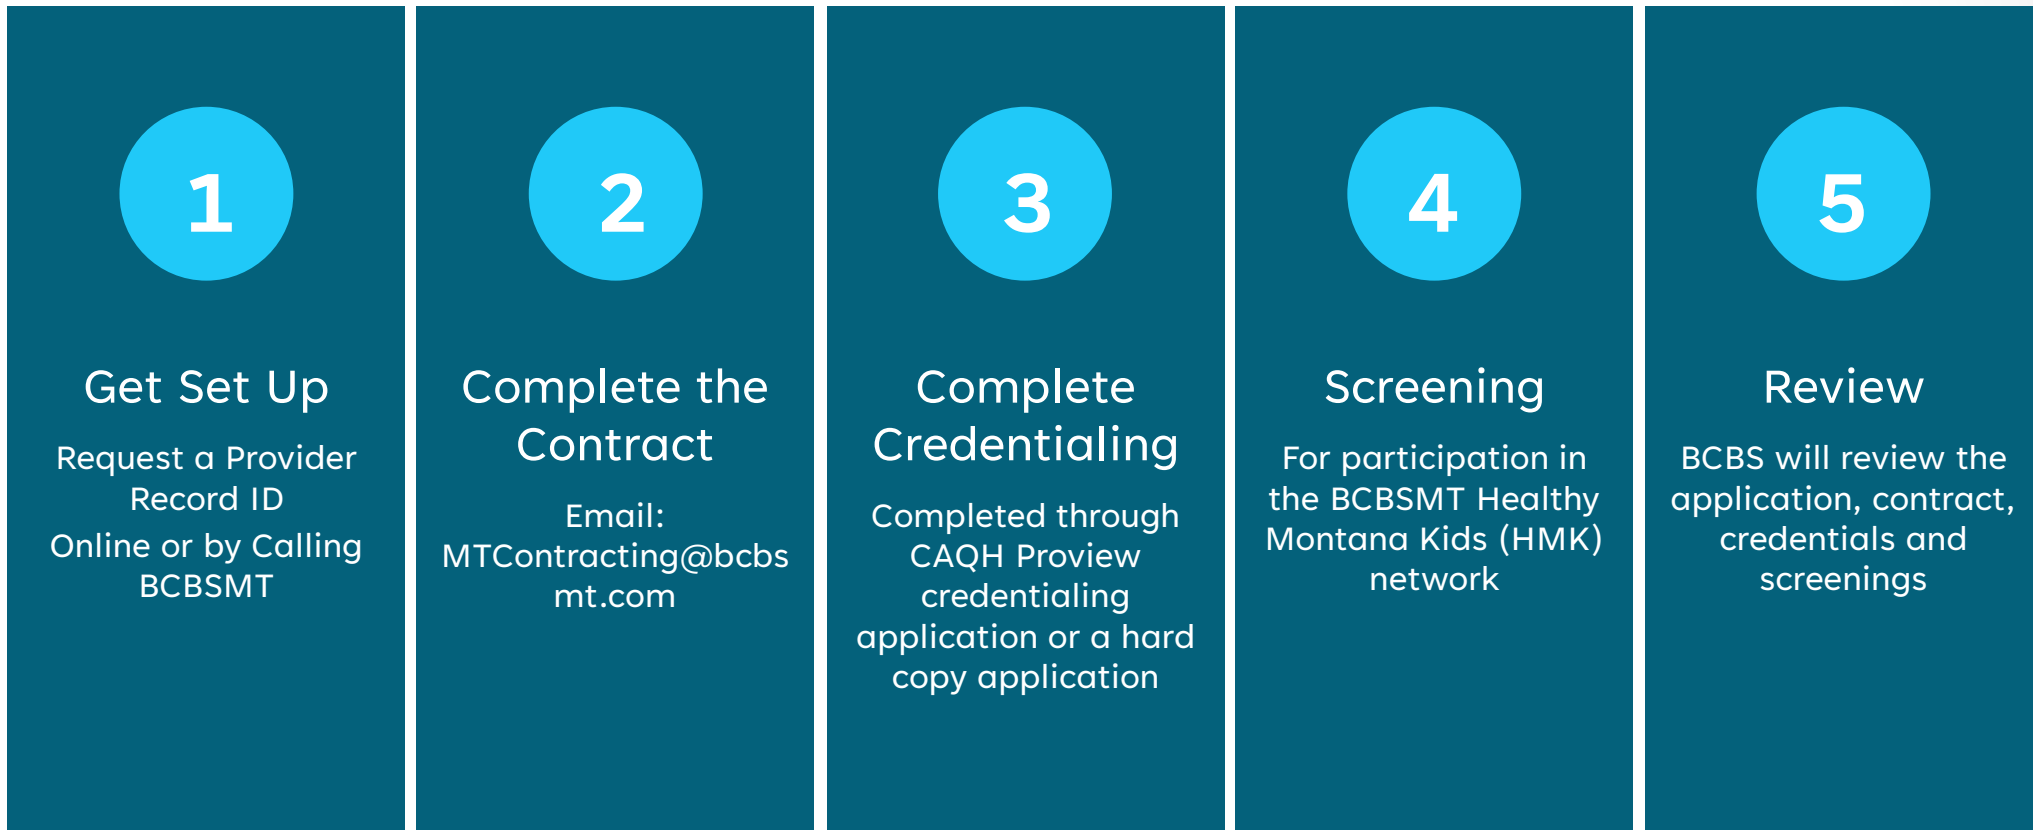

Differences between HMK and HMK+ Benefits- Dental

- HMK uses a 2012 ADA dental claim form for reimbursement.
- HMK pays 85% of billed charges.
- HMK has a limit of \$1,900 in charges, and \$1,615 in paid reimbursement per state fiscal year (July-June).
- IHS and Tribal 638 programs need to enroll their dental providers as HMK dental providers, but dental claim forms use the facility NPI.
