The first step is to verify your information in the NPPES registry.

- **Search the NPI.**
- **Verify all information shown under the NPI is correct. Name, address, phone number and taxonomy code should all be verified.**
- **Notate the taxonomy needed for your current application.**

**Montana Access to MPATH Provider Services Module
Enrollment Account Link Request**

The MPATH Provider Services Module uses a unique Organization ID to allow linkage of provider enrollment records for viewing and management. To have your enrollment account linked to a specific Organization ID, you must submit an Enrollment Account Link Request.

Each National Provider Identifier (NPI), or Atypical Provider Identifier (API) used in enrollment into Montana Healthcare programs may create their own user account for enrolling or completing maintenance updates to their provider enrollment information. Upon creation of a user account, an Organization ID is assigned. If a provider wants to link their user account to another organization ID, or add a provider to their organization ID, it is required to have your organization IDs linked.

Complete the information below. Please allow up to 10 days for Provider Relations to process the request.

Search for Provider ? Help

To build an affiliation, search for the provider you want to affiliate by entering the first name, last name, or NPI. If no information displays the provider isn't an active enrolled provider and the application will display a 'no affiliation found' message. Based upon your search criteria multiple providers may display, if this is the case, select the provider you want to participate by selecting the radio button next to the provider's name. For authentication and security, please enter the last four (4) digits of the provider's Social Security Number and enter the effective date of the affiliation. When completed select the add and continue button at the bottom of the screen and the request will move to the pending approval tab.
